NOTES OF THIRD STREET M. E. CHURCH

The new conference year is starting off nicely at the Third Street M. E. Church. The church is greatly pleased with the new pastor, Rev. Hunt, and is rallying to his leadership. Plans for the year's work are already assuming shape. Every Sunday will be a big day. Next Sunday a week, October 15th, will be Italy Day in the Sunday School. A great program is being arranged for the day and an attendance of at least 250 is the aim of the school. The church will be decorated for the Harvest Home service which will take place on the evening of Sunday School Rally Day. This is always one of this church's biggest days. The committees on decorations and on music expect to make this the best yet.

The Epworth Adult Bible Class is arranging for a big box and pie social for next Wednesday night. It will be given at the church and will be just such a social as will make one glad to attend.

Win-My-Chum Week will be observed by the Epworth League the week of November 5th, to the 12th. There will be services every evening except Saturday with a different speaker each evening. Several of our local pastors and leading laymen have already been secured to speak. For the closing Sunday, November 12th, the League has secured President Franklin of Union College to speak. This announcement will be hailed with joy by the many who heard President Franklin at Ruggles Campmeeting last year. President Franklin is a young man, heartily in sympathy with them, and is an enthusiastic speaker. His coming to Maysville and this church will be an event in religious circles of unusual importance. A full program for the week will be published shortly.

Rev. W. H. Davenport, District Superintendent of the Ashland District, was in the city yesterday calling on the local pastors, Revs. Hunt and Ruggles. Rev. Davenport will visit Maysville for the first quarterly meetings at these churches on November 18th, 19th, and 20th.

Mayor Lee, Chief Mackey, Colored Fair

His Honor, Mayor J. Wesley Lee and Mr. James Mackey, Chief of Police two true and tried friends of the negro, extend special invitations on behalf of the city, through the Colored Fair to the colored people everywhere to come to the Maysville Colored Fair October 6-7. These two gentlemen sincerely wish that you shall attend the Colored Fair in large numbers, that you have a nice time, and that you patronize the special sales of our merchants while here.

The Day Before the Great Fair
Prof. William Rogers, acknowledged by press and public to be the original Black King of the Air, is here with his crew. Prof. Rogers will do the ankle drop while ascending and the toe drop or cloud swing while descending. This is something called the loop-the-loop. All others who have tried this have died.

The merry-go-round is here and many other attractions and still they come. The grounds are fast taking on the appearance of a fair. Its certainly going to be some fair.

The Floral Hall display this year will be the best and all are asked to bring their things directly to the grounds.

TO THE PUBLIC

Edgemont is completed. When the property was opened last year, the purchasers were promised natural gas and water. Our promise has been fulfilled to the letter, and in addition a macadam driveway has been constructed the full length of the property and electricity and telephones provided at a cost of several thousand dollars. The only further improvement possible is the beautification of the grounds by trees and shrubs planted by the loving hands of those who intend to here build their homes. Though no building could be begun until this spring, already the handsome homes of Mr. W. L. Traxel, Mr. LeWright Brynning, Mr. N. S. Calhoun and Mrs. Mary H. French are nearing completion, while Mr. Stanley Reed has been occupying the reconstructed Newdigate Tavern for more than a year. Possibility, probability have grown into reality. Today Maysville has a beautiful suburban addition, ideally located with all conveniences, Edgemont.

We undertook the development of this property, not so much with the hope of making money, though we believe that the public will willingly pay well for the service rendered, but because we knew that without such an improvement, Maysville did not possess home sites, with, what were to us the essentials, of healthy elevation, spacious grounds, accessibility and reasonable cost, where we could have our residences. From the laying out of the grounds, which was done by Cincinnati's leading landscape architect, to the installation of the electric service, expense and thought have not been spared. Everything has been supplied not with the idea of whether it was the cheapest, but whether it was the best; not for speculation but for our own use. Reasonable restrictions, requiring that houses should be 20 feet from the highway, forbidding the use of the property for other than residential purposes, prohibiting alienation to negroes or the erection of houses costing less than \$1,000 have been placed on the property for the purchasers' protection. All of the conveniences and rights of way, paid for and erected by us, have been deeded absolutely to trustees for the use and benefit of Edgemont residents.

At the opening of Edgemont we believed the lots sold at low prices. That our judgment was correct is evidenced by the fact that no parcel of land purchased from us has sold for less than its cost, while many have changed hands with increases ranging from a few dollars to a thousand dollars. The lots we now own could be held by us for high prices but such a policy would be not only expensive and slow but would interfere with the growth of Edgemont. It is our belief that every purchaser becomes a booster and every builder an asset in making this subdivision what we propose it shall be, the most beautiful and delightful suburb of the Ohio Valley.

Auction Sale Thursday, October 12, 1916.

We have therefore concluded to open the reserved grounds on liberal terms for public appraisal on Thursday afternoon, October 12, 1916, beginning at 1 p. m. In this offering will be included the unsold villa sites on the north of Edgemont Avenue with their wonderful river views and all the hitherto unplatted, splendid locations on the South of the main driveway. You will also have an opportunity of buying, in a single tract of 15 acres, Reservoir Hill. From the table-land of this plot probably the most magnificent of the many wonderful Edgemont views is obtained. This sale will, in fact, comprise everything on the hill and when the hammer falls on the last lot, Edgemont, other than the sites reserved for our own homes, will have passed into other hands than ours.

This will be the greatest chance ever offered the home seeker, the investor or the speculator in Maysville real estate. As we cannot give the time necessary for sales at private treaty, we have adopted this method to quickly market what is destined to be Maysville's highest priced residential section. We feel that the opening of Edgemont has meant much and will mean more, as the years go by, to the growth and civic development of Maysville. For this reason, if you, Mr. Citizen, are not personally interested in a purchase at this time, may we not ask your help in convincing others of the real opportunity offered and may we not have, at least the encouragement of your presence, at the sale, one p. m. Thursday, October 12, 1916.
